 All revenue generated through training goes back into the Surf Life Saving movement benefiting clubs in your local area, the state and the country. These funds are also directed into many community education projects such as surf life saving skills for school children.

 Surf Life Saving operates in each state and territory under its relevant training authority.

 Each entity operates as an RTO registered by the Australian Skills Quality Authority (ASQA) or the relevant state registering body.

 SLS is delivering similar training opportunities to organisations including Western Sydney University, Australian Defence Force Academy (ADFA), RAAF Richmond & Williamstown.

 Participants in SLS courses will be automatically reminded to re-certify prior to their current certificate expiring.

 Discounted First Aid kit supplies available through SLS.
